About Us

Established in the year **2002**, we, “**Vibromag Industries**”, are one of the recognized business entity engaged in **manufacturing, supplying** and **exporting** an excellent assortment of precisely engineered **Industrial Magnets, Magnetic Separators** and **Vibrating Screen Separators**. The complete range of products is fabricated in strict accordance with the international quality standards using premium quality raw material and advent tools & technology. Owing to their features like unique designs, efficiency, excellent performance, corrosion resistance and wear & tear resistance, these products are widely demanded by the clients.

We have developed an ultra modern infrastructure at Chennai, Tamil Nadu, which is spread over a large area. Our infrastructure is well equipped with all the modern machinery, tools and equipment that help in producing a quality assured range of products. The infrastructure is segregated into various departments for the organized handling of business operations. These departments are handled by our expert professionals who are selected after strict examination of their skill and expertise. Our professionals are well versed with the technical aspects of the machinery and frequently upgrade the equipment to boost up the production rate. We have also developed a spacious warehouse close to our manufacturing unit, where we stock the products before their final dispatch. This is managed by a team...
